SUMMARY: PSI INTERNATIONAL INC. AND IBM AWARDED WEAMS TASK BY THE DEPARTMENT OF VETERANS AFFAIRS (VA)

FAIRFAX VA---(October 26, 2005) – PSI International, Inc. (PSI) announced that the IBM/PSI Team has been awarded a task to design and implement the Web Enabled Approval Management System (WEAMS) for the Department of Veterans Affairs (VA), Veterans Benefits Administration (VBA). The WEAMS task, awarded under IBM’s Global Information Technology Support Services (GITSS) contract with VA, also has an option to provide on-going maintenance support after the deployment of the system. As a significant partner to IBM, PSI will provide project management, life cycle development, documentation, implementation and technical support to VA.

“This is a strategic win for PSI as it provides us an entrée into VBA’s Education sector and positions us for significant future opportunities in that area,” stated Nazim Dhanani, President of PSI. “We are very proud of our performance at VA. Our long term relationship and track record continue to help us win additional business at VA.”

According to Bill York, PSI's Director of Business Development, "We have been doing business with VA for over 18 years. The award of the WEAMS task is another vote of confidence by the agency in our ability to provide a wide spectrum of information technology solutions to VA. We are very excited about this project and our contribution towards VBA's efforts to improve services to our veterans."
